

HAZARDOUS WASTE

HELPING YOUR BUSINESS STAY COMPLIANT...

Under the new hazardous waste regulations it is now illegal to dispose of certain waste streams into your waste skip or general waste container even if they are empty. It is also illegal to mix hazardous waste.

If you produce any of the waste streams below or your waste contains any of the following hazardous waste symbols please contact Customercare@jswaste.co.uk or call **0161-737-4545** for more information on how JWS can provide a compliant hazardous waste disposal service to meet the demands of your business.
